Principal’s Message

As principal, I have the privilege of introducing you to the annual School Accountability Report Card for Denair Charter Academy (DCA). Whether student, parent, staff or community member, the data contained within these pages will prove useful in informing you about our school and community, including but not limited to demographics, achievements, progress evaluation, ongoing goal realization, discipline, budget and facility enhancement. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card. However, we view this as a means of complying with the state Legislature and recognize it as an opportunity to publish our accomplishments.

We take great pride in sharing and setting forth goals and focal points for future endeavors that will be paramount in determining the effectiveness of next year’s programs and activities. Our goal in presenting you with this information is to keep our community—and the public in general—well-informed. In reflection of this goal, we desire to keep the lines of communication open and welcome any suggestions, comments or questions you may have. It is our opinion of that a well-informed public is vital in continuing the advancement in an ever-evolving world.

What makes Denair Charter Academy special is that each education plan is unique and tailored to the individual needs of our students. We have options for virtual and in-person instruction. Students may elect to take onsite classes in addition to their independent study classes. We offer onsite classes such as rock and roll band, art, ceramics, patrol procedures and core subject courses. Interventions such as Read 180 and Math 180, along with tutorial sessions and credit recovery, are also available to support our students.

Positive behavioral supports have proven effective in promoting good social-emotional health for all students at Denair Charter Academy. Denair Charter Academy provides a safe campus as evidenced by very few discipline incidents.

School Mission Statement

The Denair Charter Academy is based on the belief that each student can succeed and deserves an education that is rigorous and well-defined. Denair Charter Academy provides personalized instruction through Individual learning plans so students can receive meaningful individual attention. The academy’s approach to teaching and learning is to seek and match the student’s educational experiences to his or her identified abilities, interests, motivation, learning style and demonstrated achievement.

School Vision Statement

Denair Charter Academy endeavors to provide a comprehensive, high-quality, individualized learning experience in an independent study program according to an individual learning plan for any student seeking an alternative approach to schooling. This includes but is not limited to those for whom the traditional education system has been least effective. DCA is based on the belief that each student can succeed and deserves an education that is rigorous and well-defined. At the same time, DCA recognizes that each individual is unique and, therefore, is entitled to an education that is meaningful and sensitive to his or her varied and often changing needs. At DCA, we believe in providing all students with a meaningful education aligned with our districtwide motto shown by the visual located in all secondary schools known as A Portrait of a Graduate. The belief behind a Portrait of a Graduate is: to ensure all students ignite their passion, fire up empowerment, embrace humanity and diversity, create solutions, establish grit and have a mindset of success.

Parental Involvement

Parents and the community are supportive of the educational program at DCA. Numerous programs and activities are enriched by the generous contributions made by the Parent Advisory Committee, local businesses, community colleges and state colleges, and Stanislaus County.

Parents who wish to participate in Denair Charter Academy’s Program Advisory Committee, school activities or become volunteers may contact DCA Principal Vanessa Cron at (209) 634-0917 or vcron@dusd.k12.ca.us.

School Safety

The safety of students and staff is a primary concern of Denair Charter Academy. The school is always in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school’s disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Assigned staff monitor school grounds daily before, during and after school.

The Comprehensive School Safety Plan was developed by staff in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include procedures for child-abuse reporting, teacher notification of a dangerous pupil, disaster-response, safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies, and the dress code. The plan is reviewed with school staff at the beginning of each school year. The most recent update and review with staff was in August, and it was presented at the managers meeting in January 2023.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school’s progress, test scores and achievements.

Superintendent’s Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school’s instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school’s educational program, student achievement levels and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

District Mission Statement

Denair Unified School District empowers tomorrow’s leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

The total enrollment at the school was 182 students for the 2021-22 school year. The pie chart displays the percentage of students enrolled in each group.

Career Technical Education Programs

Denair Charter Academy offers the following CTE pathways: Criminal Science Information, Medical Technology, Computer Information Systems and Hospitality and Tourism.

Denair Charter Academy also offers a variety of career-path-related non-CTE program classes: computer literacy, work experience, careers, child development and culinary. To address the needs of all students in career preparation, Denair Charter Academy offers counseling and guidance services. Concurrent enrollment in local community colleges is available to students.

It is our goal for students to understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively and apply skills in real-world contexts.

Curriculum and instructional strategies that foster critical thinking, problem-solving, leadership and academic skills are consistently taught to the students to ensure work-readiness skills.

Speakers from the community, job shadowing, work experiences, the use of technology, career-related research projects and community service projects are available to students. This is provided to heighten awareness of options for education, training and employment beyond high school.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Class Size Distribution

Denair Charter Academy homeschool students (K-8) have the opportunity to attend school in a traditional class setting on a weekly basis with their homeschool advisor. The four remaining days of their instruction is completed at home under the guidance and support of their parent/guardian. Independent study students (9-12) are provided instruction in a one-on-one setting for one hour each week. The remainder of instruction is completed at home under the guidance and support of the parent/guardian. All teachers may be assigned up to 25 students. DCA is composed of eight classrooms, a learning center, computer lab and library. Three classrooms are designated for 9-12 grade instruction. Each independent study classroom contains workstations where students meet with their teacher one-on-one. Two classrooms serve K-8 homeschool students, and are set up as traditional classrooms. The remaining three classrooms are used for all on-site and elective courses. Given the model of the program, all on-site and elective courses provide students with small group and individual learning opportunities. DCA teachers provide instruction in all subjects, including core and elective courses. Online courses, credit recovery courses and supports are also available for K-12 students.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

English language arts/literacy	*	30%	*	31%	*	47%
Mathematics	*	6%	*	11%	*	33%

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 8, 2022, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education's adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials.

All Denair USD schools follow the district's textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

Currency of Textbooks

This table displays the date when the most recent hearing was held to adopt a resolution on the sufficiency of instructional materials.

Currency of Textbooks

2022-23 School Year

Data collection date	9/8/2022
----------------------	----------

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks

2022-23 School Year

Criteria	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes

Types of Services Funded

In addition to general state funding, De-nair Unified School District receives state and federal categorical funding for special programs. The district received federal and state aid for the following categorical, special education and support programs:

- Federal: Elementary and Secondary Education Act (ESEA)
- Federal: Special Education IDEA
- Federal: Career Technical Education Secondary Schools
- State: Lottery Prop 20
- State: CTE Incentive Grant
- State: Special Education
- State: Ag Incentive Grant
- COVID Response SB117

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2022-23 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)	Good	
Interior: Interior surfaces (floors, ceilings, walls and window casings)	Fair	
Cleanliness: Pest/vermin control, overall cleanliness	Good	
Electrical: Electrical systems	Good	
Restrooms/fountains: Restrooms, sinks and drinking fountains	Good	
Safety: Fire safety, emergency systems, hazardous materials	Good	
Structural: Structural condition, roofs	Good	
External: Windows/doors/gates/fences, playgrounds/school grounds	Good	
Overall summary of facility conditions	Good	
Date of the most recent school site inspection	7/13/2022	

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed.

Deficiencies and Repairs		2022-23 School Year
Items Inspected	Deficiencies and Action Taken or Planned	Date of Action
Interior	Some rooms need new carpet and paint.	2022-23

School Facilities

The school's facilities were built in 2001 and included 10 classrooms and an administration office. The school expanded its facilities to include a library/media center, teacher workroom and additional classroom. Current facilities include a wing of classrooms added in 2009. These classrooms include a tutoring center, computer lab, testing facilities, counseling office, music room and a science/art room.

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed, all hard surfaces cleaned, and the trash emptied regularly. All restrooms are cleaned daily. Grounds are groomed on a rotating basis, with exterior trash emptied regularly.

District maintenance staff members ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. The custodian and groundskeeper ensure all classrooms and facilities are in adequate condition. A work-order process is used to maintain efficient service and give emergency repairs the highest priority.

"We take great pride in sharing and setting forth goals and focal points for future endeavors that will be paramount in determining the effectiveness of next year's programs and activities."

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdf201.asp>.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

Financial Data

The financial data displayed in this SARC is from the 2020-21 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.
