Principal's Message

Denair High School (DHS) strives to personalize our students' education through fostering life-altering relationships with students and families. We are focusing on high-quality instructional strategies, behavior-management routines and culturally responsive teaching. We are also focusing on a differentiated yet comprehensive academic and extracurricular experience for every student. We appreciate the small-community support and look forward to giving our student, staff and guardian community the small-school atmosphere they so deserve.

The 2021-22 Schoolwide Action Plan may be found on the DHS website.

School Mission Statement

Denair High School is dedicated to preparing students in a small school community to learn through differentiation and strong relationships in order to achieve college, career and vocational success.

Parental Involvement

The School Site Council, Agriculture Boosters, Athletic Boosters and Sober Grad Committee meet regularly. A Dual Language Advisory Committee (DLAC) has been developed and meets monthly. Parents are encouraged to participate in all parent clubs made available.

Parent involvement continues to increase. Parents support graduation activities by sponsoring Sober Grad Night, homecoming, Senior Night and college field trips each year. The Ed Foundation supports parent and student groups toward their financial endeavors.

For more ways to become involved, please contact Principal Breanne Aguiar at (209) 632-9911 or baguiar@dusd.k12.ca.us.

School Safety

The safety of students and staff is a primary concern at Denair High School. The school is always in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Assigned staff monitor school grounds daily before, during and after school. All visitors must sign in at the school's main office before entering the campus.

The Comprehensive School Safety Plan was developed by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include procedures for child-abuse reporting, teacher notification of dangerous pupils, disaster-response, safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies, and the dress code. The School Site Council evaluates the plan annually and updates the plan as needed. The plan is reviewed with school staff at the beginning of each school year. An updated copy of the plan is available to the public at the school office. The plan was last reviewed, updated and discussed with school staff in August 2022.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Superintendent's Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school's instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school's educational program, student achievement levels and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

District Mission Statement

Denair Unified School District empowers tomorrow's leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

Enrollment by Student Group

The total enrollment at the school was 285 students for the 2021-22 school year. The pie chart displays the percentage of students enrolled in each group.

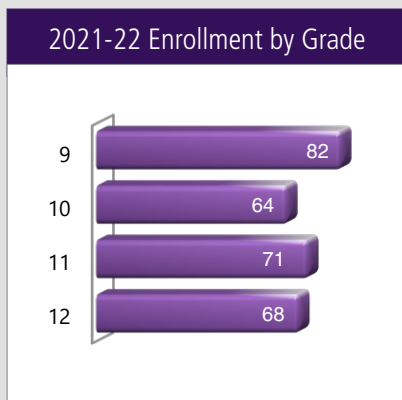

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2021-22 school year.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Expulsion rates	0.0%		0.0%	0.0%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Types of Services Funded

In addition to general state funding, De-nair Unified School District receives state and federal categorical funding for special programs. The district received federal and state aid for the following categorical, special education and support programs:

- Federal: Elementary and Secondary Education Act (ESEA)
- Federal: Special Education IDEA
- Federal: Career Technical Education Secondary Schools
- State: Lottery Prop 20
- State: CTE Incentive Grant
- State: Special Education
- State: Ag Incentive Grant
- COVID Response SB117

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

Subject	Percentage of Students Meeting or Exceeding State Standard				Two-Year Data	
	Denair HS		Denair USD		California	
	20-21	21-22	20-21	21-22	20-21	21-22
English language arts/literacy	*	44%	*	31%	*	47%
Mathematics	*	10%	*	11%	*	33%

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs

At Denair High School, every effort is made to integrate "real world" applications into the core curriculum. An annual survey of students determines their plans after graduation. Follow-up surveys are conducted, and the results are analyzed and used to improve our career-preparation education.

Our goal is to continue offering programs and classes that are integrated with our standards-based curriculum while developing career pathways that will help students meet the demanding performance requirements expected of the 21st-century workforce. New programs have been developed to support these stated goals. Special attention is placed on enrolling students of special populations into career technical courses.

Our mission for building a high-quality career technical education (CTE) program is to provide all students with an opportunity to experience high-quality CTE programs whereby they acquire the technical, academic, employability, social and decision-making skills to successfully transition into postsecondary training or education and the labor force. We recognize the importance of CTE to be woven into the fabric of our educational system. Our CTE programs reflect the collaboration of our staff and community. Most career technical classes or programs are competency-based on students performing to a specific level of proficiency. Students enrolled in CTE classes are monitored via accountability and assessment data. The data reflects (among other things) program completers who transition to colleges or entry-level positions. All career-preparation courses satisfy the district's graduation requirements and incorporate state CTE standards.

This year we have a Memorandum of Understanding between Modesto Junior College and DHS to offer a 2+2 articulation agreement with our law enforcement classes.

Denair High School CTE programs provide a sequence of courses that provide individuals with the academic, technical knowledge and skills individuals need to prepare for further education and careers in current or emerging employment sectors.

Denair High School offers the following CTE programs:

Health Classes

- Intro to Health Science
- Kinesiology
- Anatomy/Physiology
- Physical Therapy-Work Experience

Agriculture Classes

- Ag Biology
- Ag Animal Science
- Intro to Agricultural Mechanics
- Advanced Agricultural Mechanics
- Floral Design1
- Floral Design 2
- Advanced Floral Design/(Floral Design 3)
- Ag Construction
- Ag SAE
- Ag Vet Science

Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 8, 2022, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education’s adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state’s most recent list of standards-based materials.

All Denair USD schools follow the district’s textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

School Facilities

The school's facilities were built in 1968 and include 22 classrooms, a library, staff lounge, counseling office, drama room, two student social areas, a dining hall and gymnasium. The outside facilities include an agriculture school farm, outdoor basketball court, football field, two baseball fields, two softball fields, practice soccer and football field, two parking lots and shop class.

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Custodians and a grounds-keeper ensure all classrooms and facilities are in adequate condition. Each classroom is swept or vacuumed and the trash emptied. The cafeteria, gym and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn and plumbing issues addressed daily.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service so that emergency repairs are given the highest priority. At the time of publication, 100% of Denair High School's restrooms were in good working order.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2022-23 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)	Good	
Interior: Interior surfaces (floors, ceilings, walls and window casings)	Good	
Cleanliness: Pest/vermin control, overall cleanliness	Good	
Electrical: Electrical systems	Good

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CaSAAS) provided by the Commission on Teacher Credentialing. For information on the CaSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the number of authorization/assignments of teachers as well as the total number of teachers without credentials and misassignments at the school level. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.
