# Introduction

---

Our school facilities are an integral part of the education process for students enrolled in the Denair Unified School District. Recognizing that school facilities may also be of benefit to our students participating in after-school activities, as well as other community groups and organizations, the DUSD Governing Board has conditionally approved use of school facilities by non-school groups and organizations. This “School Facility Use Guide” is intended to answer questions and help individuals complete the process required to use school facilities.

# Application Process

---

The application process includes the procedures for making sure that your group or organization is approved, activities are appropriate for school use, facilities are available, the activity/event is scheduled and the facilities requested are ready.

We have prepared a checklist to help you work through the process of reserving a school facility. We have arranged these steps in the most logical order for the applicant. For example, determining whether the “type” of activity is allowed on our schools facilities would be first on the list; since there would be little reason for you to go through the entire application process only to find out that a “paint-gun war” will not be approved by the District.

We recognize that this “School Facility Use Guide” may not answer all the questions that you might have. If you have additional questions, please feel free to contact us in the Facilities Department at (209) 632-7514 extension 1215.

# Application Checklist

---

Follow this process to apply for use of school facilities at Denair Unified School District:

1. Check to see if the activity you wish to apply for is approved to be held at our school facilities **BEFORE you rent, commit to, or sign any agreement or contract for the activity.** You can find this information in the “Appropriate Activities for School Sites” section later in this guide. This list is not comprehensive; please call if you are unsure if the activity will be approved.
2. Read over the “School Facilities Rules and Use Agreement” section of this guide to be sure you, your staff and all your attendees will be able to comply with the rules listed.
3. Submit a completed Application and Agreement for Use of School Facilities with the Agreement/Declaration of Applicant page initialed and signed. If you are going to use one of the school kitchens, also include an initialed and signed Agreement/Declaration of Applicant for that facility as well (located at the end of this guidebook). Applications have an internal approval process and must be submitted at least three weeks prior to the date of the activity/meeting/event. Applications can be dropped off at the Denair Unified School District at the District Office.
4. Once your facilities request is approved, you will be notified by email with a final copy of the approved application. You will then need to obtain a Certificate of Liability Insurance of \$3,000,000.00 aggregate, naming “Denair Unified School District” as the additional insured. An example of this form can be found in the Insurance Requirements section of this guide. If this completed Certificate of Liability Insurance is not received by the Facilities Office at least 7 days prior to the event, the application and event will be canceled.
5. If applicable, submit your payment to the District Office no later than 7 days prior to the event (no cash payments are accepted.) If payment (by check, money order or cashier’s check--only) is not received 7 days prior to the activity/meeting/event your application and right to use the school facility will be canceled.
6. On the day(s) of the activity/meeting/event bring the approved Application and Agreement for Use of School Facilities as evidence of your approved status and right of reservation. You or your designee must be able to produce the approved Application and Agreement for Use of School Facilities if requested by DUSD personnel or a public safety official

# Appropriate Activities on School Sites

Most people recognize that schools are special places. There are a number of state and local laws that prohibit certain activities anywhere near a school. Additionally, DUSD has a list of activities that are not allowed on school grounds, and other activities that may be allowed only under certain circumstances. While the list below is not comprehensive, it should give the applicant a good idea of the types of activities that are typically approved (Green), the types of activities that are most often conditionally approved (Yellow), and those activities that are not approved at our schools (Red). Please note, each individual activity must be approved for overarching events such as family parties & carnivals.

## Green – Typically Approved Activities/Meetings/Events

Please contact the Facilities Office for specific conditions.

# Insurance Requirements

Every group or organization must also have insurance for the event, and have "Denair Unified School District" specifically listed as "additionally insured." The amount of coverage required is \$1,000,000, per occurrence, for liability and property damage, and \$3,000,000 aggregate. There are a number of insurance companies that can provide insurance for almost any type of activity, whether it is for a season of soccer practices or a one-day wedding event. The insurance company you use should send the District, at your request, a "Certificate of Liability Insurance."

The Facilities Office must receive this Certificate of Liability Insurance, with all the proper amounts and DUSD named additionally insured, **at least 7 days prior to your event, or your approvals and the event will be canceled.** Since insurance companies require several days to produce a Certificate of Liability Insurance, we recommend you request this certificate early. We have included a sample of a Certificate of Liability Insurance so you can see what it should look like.
